

# I've Gotta Be Alone

## Ginger Minj

You can say to me,  
That you understand,  
What I feel inside,  
Cos' you just don't know,  
I tried so hard to be,  
The one for you,  
But it's clear to me,  
I've just gotta be,  
Alone.

Ooo baby,  
Just let me go,  
Baby just leave me,  
No, don't say no,  
I'll always love you,  
Deep in my soul,  
But it hurts to stay,  
I've just gotta be,  
Alone.

I never wanted to break,  
My promises to you,  
But this love we've made,  
Has lost its way,  
And I've cried,  
Oh I've cried,  
Once to many times for lies,  
Please just let me breathe,  
I've just gotta be,  
Alone.

Ooo baby,  
Just let me go,  
Baby just leave me,  
No don't say no,  
I'll always love you,  
Deep in my soul,  
But it hurts to stay,  
I've just gotta be,

Alone.

Now I know,  
I've said this all before,  
When we were both unsure,  
Of what we had,  
Oh yeah.  
And now you claim,  
That you'll change my mind,  
And make me yours again,  
Don't you understand,  
That this is the end-

Ooo baby,  
Please let me go,  
Baby just leave me,  
No, don't say no,  
I'll always love you,  
Deep in my soul,  
But it hurts to stay,  
I've just gotta be,  
Alone.

Ooo baby,  
Won't you let me go?  
Baby just leave me,  
No, don't say no,  
I'll always love you,  
Deep in my soul,  
But it hurts to stay,  
I've just gotta be,  
Alone-

Ooo
