

Juicy Lucy

June Katz

Every time I call her name she's right there by my side
Every time that I think it's a change
There's no place left to hide
This must be for real
This must be for real
This must be for real
It can't be a dream
Every time I blow my love
She's knockin' on my back door
Every time that I tear her clothes
She pulls me down some more
This must be for real
This must be for real
This must be for real
It can't be a dream
Juicy, juicy, juicy, juicy Lucy
Juicy, juicy, juicy, juicy Lucy
Juicy, juicy, juicy, juicy Lucy
Juicy, juicy, juicy, juicy Lucy
Scary woman put me under, under her spell
Never tell, if I risk it I ____ her
There still standin', try to get my hand in
But she gets away _____ one stride
Every day she comes around
Lookin' good and tryin' to catch my eye
Ain't no way to tell her no
I guess I never even thought to try
This must be for real
This must be for real
This must be for real
It can't be a dream
Juicy, juicy, juicy, juicy Lucy
Juicy, juicy, juicy, juicy Lucy
Juicy, juicy, juicy, juicy Lucy
Juicy, juicy, juicy, juicy Lucy
Every time I tie her down she wants to let me go
Every time I start to slide
She's tellin' me I'm way to slow
This must be for real

This must be for real
This must be for real
It can't be a dream
Juicy, juicy, juicy, juicy Lucy
Juicy, juicy, juicy, juicy Lucy
Juicy, juicy, juicy, juicy Lucy
Juicy, juicy, juicy, juicy
