So Fine

Bran Van 3000

Yeah, yeah, yeah!
Yeah, yeah, yeah!
All those wonderful things you do
All those wonderful things you do
So fine, so fine, so fine what you doLean back in a Hollywood Bar
Seen a girl so fine like a Hollywood Star
Step to her like, "Baby, how you doin'?"
She talkin' bout she new to the game and Just fluent (?)
So I'm all up in her ear like, "What's ya name?
Can I buy you a drink?" like my name T-Pain
My game is effective, my main objective
Is to get her back home, but she's so selective
I'm so protective, Magnums in the pocket
But damn, as she's rockin' them boots, I gotta knock it
It's going down if I can help it tonight
I let her know that I'm a playa because I felt it was right
Mr. Right Now, never spending nights alone
She don't trip, plus she's got a man at home
Now he gone, get the keys from the valet
It's just another night in LAAll those wonderful things you do
All those wonderful things you do
All those wonderful things you do
All those wonderful things you doSee what you mean baby. This is what I gotta say.
