

The Depth of Self-Delusion

Riverside

I could be foreign forever
To your otherland
I could be foreign forevermore
To your promiseland
One life was great
But another
No, I dont want to live on the edge
I wont follow you
I found my own
I will stay I could be foreign forever
To your hastenland
I could be foreign forevermore
To your neverland
One little brick then another
And I will build that wall anyway
You can find me there
Rested and calm
Without mask
This is where I will stay Look around where we are
Who we are
What we always want
Twenty four
Seven
Three sixty five
Sometimes little more
I was chasing your shadow
Not knowing
Id become your slave I could be foreign forever
To your otherland
I could be foreign forevermore
To your promiseland
One life was great
But another
No, I dont want to live on the edge
I wont follow you
I found my own
I will stay
I could stay forevermore
