Come To Me

Suicide Commando

black curse
black light
perverse
sick mind
restrain
your fear
this game
is for real
so come to me
and let me see
your body belongs to me
no one will hear
your cry, your fear
no one will know
i stained your soul
black light
dark room
death cage
my rage
these chains
of steel
this pain
won't heal
so come to me
and let me see
your body belongs to me
no one will hear
your cry, your fear
no one will know
i stained your soul
black curse
black night
dark room
black light
come to me
