My life, a sacrifice is made new
Through these confessions
Manifested, this joy is my desireLight this fire to flames, praise the name Jehovah Jireh
Is my provider the truth that lives inside this fighter?
Take me higher, Master, Sire makes me a good rider
I'm gonna ride on down 'til I break through the front lines
And ain't going home until I gets minesTribal warriors

This time I'm gonna make it last
Left the world, came back an outcast

My soul is put to the test
Blessed with a mic in my hand
Jah, make straight my steps
Then I hooked up with Payable On DeathWe flow in unity
Stand in one while the foolish be

Lost in this hour
With power we have authorityTo overcome while these cowards just pick up and run
Well we ain't done
'Til this battle has been fought and won
