It Took Some Courage

Jiles Band

It Took Some CourageIt Took Some Courage
It Took a Strong Will
Probably more then I ever will
Secrets are sometimes hard to let go
It Took some Strength
Stronger than Ill ever be
Lived in fear all of my life
And I guess Ill always, Ill always will
Human nature exploits are weaknesses
Many times by people we love and trust
Sometimes with good or bad intentionsIts just the nature of the beast
Everyone goes through battles
The weak get weaker
The strong just get strongerIts just the nature of the beast
