

# Fast and Loose (Alternate Version)

Motörhead

Two o' clock in the morning, baby  
I know it's late, I know it's late  
I'm dark and I like the night  
And I can make you feel alright  
I've been around for quite a while  
And I've learned that I can make you smile  
I know you won't refuse  
You know I'm fast and loose  
Two o' clock in the morning, sugar  
I know you're sleeping, you must be sleeping  
Why don't you invite me in?  
Get yourself some original sin  
I'll wake you up, but stay in bed  
Don't get up, get down instead  
I don't need no excuse  
To like it fast and loose  
No remorse  
Two o' clock in the morning, honey  
Let me in baby, let me in  
You know me, you know I'm wired  
I'm gonna stop you feeling tired  
I'm coming over and I won't be long  
Just let me finish writing this song  
I'm gonna blow your fuse  
I know you like it fast and loose
