

Hunger

Of Monsters and Men

You are right
I'll move on
But my lungs feel so small
I couldn't breathe if I tried I lay my head on the floor
My beating heart wanted more
But I'll keep it in and keep you out I'm drowning, I'm drowning
I'm drowning, I'm drowning And for the longest time I knew
There was nothing left for us to do
But I tried, oh I try
And in this quiet company
There is nothing staring back at me
I'm in need of a sound Hungry for the kill
But this hunger it isn't you Voices disappear
When you're speaking in sombre tunes
I will be the wolf
And when you're starving you'll need it too
Hungry for the kill
But this hunger it isn't you It isn't you
It isn't I grew tall to fill the void
Let me go because you are just a shade
Of what I am not what I'll be
But in this quiet company
I forget sometimes just how to breathe
Fill my lungs with a sound Hungry for the kill
But this hunger it isn't you
Voices disappear
When you're speaking in sombre tunes
I will be the wolf
And when you're starving you'll need it too
Hungry for the kill
But this hunger it isn't you It isn't you
It isn't I'm drowning, I'm drowning
