24/7

Immature

I cant sleep, 'cause you're not here
This isnt just another love affair
And I dont need, nobody else
It's killing me, day by day
Feelin stronger every minute only you
Can get me up this way, whoa65 Weeks and it's been too long
Tryin to keep it down until you puttin' me on
All theses other girls, they just won't do
24/7 I've been thinking of only you
Only youOoh, girl tonight, I'm prepared
To find a way to get you over here
I really need, some love and care
So come to me, don't make me wait
It all comes down to what you want
Not only words you say, yeah oh65 Weeks and it's been too long
Tryin to keep it down until you puttin' me on
All theses other girls, they just won't do
