

All That I Got (the Make Up Song)

Fergie

Baby, baby when you're looking deep in my eyes
I know you're seeing past my make up
Into the little girl that used to hide out and cry
When her parents fought, tryin' to be strong
You can see the hurt in me, the cover ups so secretly
And all that I aspire to be, you see, you see
You know who I really am, no entourage or caravan
And do you even give a damn, about all that and tell me
Would you love me if I didn't work out
Or I didn't change my natural hair?
And I could be the one you want grow older with
Baby, I'll give you all that I got
See, I don't mean to scare you now or push you away
'Cause I'm not tryin' to rush anything
But when I look into your eyes I'm not scared to say
I'll sit near you, I'm in the picture too
Like a happy family tree, we're together constantly
This could be eventually, we'll see, we'll see
But all that I have got to know is with me baby will you grow
Through sun and rain and heavy snow, oh, tell me so now, baby
Would you love me if I didn't work out
Or I didn't change my natural hair?
And I could be the one you want grow older with
Baby, I'll give you all that I got
It's as simple as one and two, I'm in love with you
And three and four, you're all I adore
To the seven and eight, see I've been making mistakes
'Cause when you're on my mind I just can't think straight
Back to the five and six, I'm all in the mix
And I'm all into you Without the lipstick
Without the L'Oreal you remain the same, angel
That I fell for, for real, for real
Would you love me if I didn't work out
Or I didn't change my natural hair?
And I could be the one you want grow older with
Baby, I'll give you all that I got
I'll give you all that I got
Don't let aah, yeah
