## Bugle

[Intro: Sara + (Trackmasters)]

(It's on fire tonight) What we gonna do tonight  
(It's on fire tonight) What we gettin into tonight  
What we gonna do tonight  
What we gettin into tonight (Trackmasters)

[Ness]

Uhh, you know what happens when your girl go out  
She pop up, a month later up on Girls Gone Wild  
Say cheese you on candid camera  
In your birthday suit like a go-go dancer  
Ain't nothin funny I ain't Jo Jo dancer, ENess  
Puff L's like I promote cancer(huh)  
And I ain't gotta give a pick up line, I'm a pimp so  
you can kiss where the sun don't shine

[Young City]

I pull up in that platinum buggy, club hot actin lovely  
In the spot where it's packed and jumpin  
You can catch me in the cut tryin to wrap the  
yucky-sticky-icky stuff holla at your youngin (whoop-whoop)  
I'm back on it hit the macks on it  
Girls love to touch and put they back on me  
I don't want to be your man  
I'm into one night stands  
You know we doin it big and straight boning huh?

[Chorus + (Sarah)]

[Babs Bunny]

It's more room in the V.I.P., you can come take a seat  
by me (What we gonna do tonight)  
Get it poppin making a love scene, plenty room in the  
limousine (What we gettin to tonight)

[Fred]

Baby girl leave it up to me  
I want to bite through your pantie string (What we gonna do tonight)  
Cause I got sexy things I want to do  
That'll get you in the mood indeed (What we get into tonight)

[Babs Bunny]

Rode deep to the club my truck is packed  
If there ain't enough room lap it up in the back  
Circle the block, pull up in the parking lot  
We all smell like weed cause we spark a lot  
Table reserved, chicks stand up when they see me  
Flag down the waiter get an Apple Martini  
All night stuntin doin it up  
A bunch of bed style bitches with big ass butts

[Fred]

Could it be the snake skin with gators or the throwback Raiders  
Every moment is a Kodak for the world  
But tonight I'm no mack  
When I match your girl the human spatula is attached to her  
I snatched her up, pulled her real close to the fur  
gave her a, bottle of crisp fuck a plastic cup  
Let me know if we gonna bump with your sassy self cause  
The Don got ass to touch, holla back

[Chorus + (Sarah)] x2

[Babs Bunny]

It's more room in the V.I.P.  
You can come take a seat by me (What we gonna do tonight)  
Get it poppin making a love scene  
Plenty room in the limousine (What we gettin to tonight)

[Fred]

Baby girl leave it up to me  
I want to bite through your pantie string (What we gonna do tonight)  
Cause I got sexy things I want to do  
That'll get you in the mood indeed (What we get into tonight)
