

# Something New

## Hanson

(i. hanson/t. hanson/z. hanson)

Isaac in a donald duck voice:

Burp, "what did you say? !"

(giggling)

Oh, everyone wants something,

Everyone wants something,

Everyone wants something new,

And I mean new, new, new.

Everyone wants something,

Everyone wants something,

Everyone wants something new.

Everyone wants something new,

Everyone wants something new.

Oooh.. you want to fly a jet,

You want to fly an aeroplane,

I don't know, to me it's all the same.

You and I see a one world conquest,

I don't know, I just guessed!

Everyone wants something,

Everybody wants something,

Everyone wants something.. new!

Yeah! every, every, everyone wants

Something new.. ooh

Everybody wants something,

Everybody wants something,

Everyone wants something new!

Everyone want something..ooh!

Everyone wants something new,

Everyone wants something new!

Everyone wants something,

Everyone wants something,

Everyone wants something new,

And I mean new.

Isaac in goofy's voice:

"everyone wants something new...really!"

You want to fly a jet,

You want to fly an aeroplane,

I don't know, to me it's all the same.

You and I see a one world conquest,  
I don't know, I just guessed!  
Everyone wants something,  
Everyone wants something,  
Everybody wants something, new,  
And I mean new, new, new!  
Everyone wants something,  
Everyone wants something,  
Everyone wants something...new! yeah!  
Something new...something new...  
Something new...something new...  
Something new...something new...  
Something new...something new...  
Something new...something new...  
Something new...something new...  
Something new...something new...  
Something new...something new...  
Everybody wants something...umm...  
"and I want you!"
