Nowhere Kids

[Shinedown](#)

All it takes is a main attraction
Scattered bones, underneath the fashion
Lower life on a higher plane
That's what you want, that's what there giving away
Photogenic
Come and get it
You can have it, take it all
Schizophrenic
So sadistic
I don't know, I don't know
Politician
Sick condition
Dying for a curtain call
Counter culture
Full of vultures
Bet you think I'm
What
We're going all out
So get 'em up
Get 'em up
And if you wanna take our
picture tell 'em
I don't give a fuck
No one needs you after all
That little social scene
Is just a hate machine
No one's here to take your call
And now your self-esteem
Ain't what it used to be
You've inspired
the birth of ignorance
the death of innocence
Guess who's back and mad as hell
The nowhere kids that wished you well
(Nowhere kids)x2
(Nowhere)
The new face of an old distraction
Another victim with the same reaction
A catastrophic contradiction at best

I know your hangin' onto zeros
'Cause you've got nothing left
Photogenic
Come and get it
You can have it, take it all
Schizophrenic

So sadistic
I don't know, I don't know
Politician
Sick condition
Dying for a curtain call
Counter culture
Full of Vultures
Bet you think I'm
What
We're going all out
So get 'em up
Get 'em up
And if they wanna take our
picture tell 'em
I don't give a fuck
No one needs you after all
That little social scene
Is just a hate machine
No one's here to take your call
And your self-esteem
Ain't what it used to be
You've inspired
The birth of ignorance
The death of innocence
Guess who's back
And mad as hell
The nowhere kids that wished you well
(Photogenic)
(Schizophrenic)
(Nowhere kids)
Nowhere
No one needs you after all
That little social scene
Is just a hate machine
No one's to take your call
And now you self-esteem
Ain't what it used to be
You've inspired

The birth of ignorance
The death of innocence
Guess who's back
And mad as hell
The nowhere kids that wished you well
(Nowhere kids)x6
(Nowhere)
