# House Of Cards (BTS cover)

## Margot D.R

Itâ€™s risky again so dangerous
So bad(bad) we are yeah
Trying to hold on until it falls down
So hard (hard) we are (fall)

Donâ€™t know how to stop this nightmare
Donâ€™t know how much more I can bear
No way no way no way
I drop down

With every day passing by baby
I canâ€™t stop itâ€™s making me crazy
No way now way itâ€™s collapsing all again
Oh

A house made of cards
The both of us inside
Breaking so easily
Failing to be steady

A house made of cards
Two fools and broken hearts
Is this just a vain dream
I canâ€™t help this feeling
Stay

As if there were tomorrow
Hanging on the pain and sorrow
Iâ€™m diving so hopelessly into the pitch black darkness
The soft eeriness thatâ€™s inside of me

Saying like a habit
Thereâ€™s no way we can make it
Yet a part of me still wanna believe that weâ€™ll stay together that you wonâ€™t leave
Iâ€™m okay

Donâ€™t know how to stop this nightmare
Donâ€™t know how much more I can bear
No way no way no way I drop down

With everyday passing by baby
I canâ€™t stop itâ€™s making me crazy
No way no way itâ€™s collapsing all again oh

A house made of cards
The both of us inside
Breaking so easily
Failing to be steady

A house made of cards
Two fools and broken hearts
Is it just a vain dream
I canâ€™t help this feeling

Stay
