

Black Bone Torso

[W.a.s.p.](#)

Black bone torso
Black bone torsoCyanide, a suicide
No thoughts of pain
Genocide, a crucified martyr's laid
Down to the dust there to fade awayAll geeks and circus freaks
Come play with me
Pimps to bring my sex fiends
Molesting me'Round to the lust of debauchery
Destined here
To reign supreme
Your bloodied kingDying for the world of death
Where is thy sting?
My black bone torso's
Bleeding me
