Your small wing movements, my attraction to you  
Your hand gestures seem like you're telling me to follow you  
    Your earnest eyes and your silent stories  
        whirled together on that night

I lost myself and my one and only soul  
        in your deep image  
    Completely drunk in your body movements

that I forgot to even breathe

You sit lightly like a waltz  
and I can't take my eyes off of you  
My eyes naturally follow you  
each step you take

Lead me

Yeah, to the place you live,  
take me with you

Oh, I'll follow you even if it's at the end of the world  
Please don't escape from my vision,  
don't disappear even when morning comes  
The walk I dream of,  
you are my one and only beautiful butterfly

oh, woo-hoo-hoo oh yeah-  
woo-hoo-hoo yeah woo-hoo-hoo

Where did you come from, where are you going?  
You kindly came out here to meet me  
Even at the steep and uphill cliff,  
don't worry there's nothing to be afraid of

You show off your elegant figure  
Oh I fall for you several times  
Love came to me without knowing  
Without warning, suddenly

You sit lightly like a waltz  
and I can't take my eyes off of you  
My eyes naturally follow you  
each step you take oh no

Lead me

Yeah, to the place you live,  
take me with you

Oh, I'll follow you even if it's at the end of the world  
Please don't escape from my vision,  
don't disappear even when morning comes  
The walk I dream of,  
you are my one and only beautiful butterfly

Even if I wander through strange places,  
even if I get lost  
I will follow my heart that

is more honest than anyone else  
Your body movements quietly catch my eye,  
    your eyes are strong but soft  
    I can't deny you yeah

    Take me  
    Yeah, to the place you live,  
        take me with you

Oh, I'll follow you even if it's at the end of the world  
    Please don't escape from my vision,  
    don't disappear even when morning comes  
    Your small hand movements  
        puts my heart in a whirl

woo-hoo-hoo, woo-hoo-hoo, woo-hoo-hoo
