Cat In a Dog Suit

Belleruche

I'm missing a part of you
Like it's a part of me
The piece you wanted back so desperatelyYou know it would have been nice
To have a little more time
To catch my breathInstead you cleaned me out,
You said it was for my own good
You should know I understand the meaning of overThen you tell me to read between the lines
Afraid of what I'll find
You either held me too tight or held me downThen you tell me to read between the lines
There might be things you need to find
Would you ever think to put it to right
And I wish to clarify
The particular night
It all turned sour and you lost your headCome enter Mr Hyde
You flipped right out of my mind
Side swiped, where the hell did that come fromEver thought you could confide
It'd been brewing for sometime
Talk it out, instead you preferred to shock and aweThen you tell me to read between the lines
Afraid of what I'll find
You either held me too tight or held me downThen you tell me to read between the lines
There might be things you need to find
Would you ever think to put it to rightWell I wish I could remind
Myself of the first time
Three strikes I was out a long time ago
Now there's nothing more to see
And nothing left to feel
Nothing more I can do for youSeems obvious to me
There's something else that runs too deep
A part of you don't let anyone in to seeThen you tell me to read between the lines
Afraid of what I'll find
You either held me too tight or held me downThen you tell me to read between the lines
There might be things you need to find
Would you ever think to put it to rightThen you tell me to read between the lines
Afraid of what I'll find
You either held me too tight or held me downThen you tell me to read between the lines
There might be things you need to find
Would you ever think to put it to right
