

# Last Night

Vanessa Hudgens

All I want is to be a part of your weekend  
All I need is a little bit of your time  
Baby, Im your girl and I need some attention  
When you ignore me I just lose my mind I aint gon bug about you going out last night  
Though, baby I know that Im the only one in your side  
But please dont tell me nothin I dont wanna know what you did last night  
I dont wanna hear that you had a good time  
I dont wanna know if it was all real or a lie I dont wanna feel like I had to be there  
I dont wanna know about the other girls there  
I just wanna know when youre around youre mine I dont think that Im being obsessive  
I dont think that Im being out of line  
You got your space and I get to be selfish  
You get yours baby and I get mine Im doing just fine as long as we see eye to eye  
You with me?  
And no no, aint nothing wrong with going out  
And having a good time, I dont wanna know nothin I dont wanna know what you did last night  
I dont wanna hear that you had a good time  
I dont wanna know if it was all real or a lie I dont wanna feel like I had to be there  
I dont wanna know about the other girls there  
I just wanna know when youre around youre mine I can only picture you out meeting someone new  
Baby got my mind goin' wild  
I know your love is true, but whats a girl to do  
All I need is a sign 'Cause I get jealous, oh baby I get jealous, oh so jealous  
Dont mess me up with whatever is down I dont wanna know what you did last night  
I dont wanna hear that you had a good time  
I dont wanna know if it was all real or a lie I dont wanna feel like I had to be there  
I dont wanna know about the other girls there  
I just wanna know when youre around youre mine
