Love Like This

BlackHawk

A king would trade his finest crown
For a love, love like this
And warriors have laid their weapons down
For a love, love like thisHearts will break a thousand times
For a love, love like this
And arms will wait a thousand nights
For a love, love like thisLove may come and love may go
But here inside your arms I know
That only you will ever show me
Love like thisYou and I have finally found
Love, love like this
A place to lay our burdens down
In a love, love like thisHearts can speak without a sound
In a love, love like this
What makes the world keep turnin' 'round
Is it love, love like thisLove may come and love may go
But here inside your arms I know
That only you will ever show me
Love like this, ooh yeahLove, love like thisThe moon has never shown before
On a love, love like this
And I have never wanted more
Than a love, a love like this
Love, a love like this, a love, a love like this
