

# Love Like This

## BlackHawk

A king would trade his finest crown  
For a love, love like this  
And warriors have laid their weapons down  
For a love, love like thisHearts will break a thousand times  
For a love, love like this  
And arms will wait a thousand nights  
For a love, love like thisLove may come and love may go  
But here inside your arms I know  
That only you will ever show me  
Love like thisYou and I have finally found  
Love, love like this  
A place to lay our burdens down  
In a love, love like thisHearts can speak without a sound  
In a love, love like this  
What makes the world keep turnin' 'round  
Is it love, love like thisLove may come and love may go  
But here inside your arms I know  
That only you will ever show me  
Love like this, ooh yeahLove, love like thisThe moon has never shown before  
On a love, love like this  
And I have never wanted more  
Than a love, a love like this  
Love, a love like this, a love, a love like this
