

Draw Nigh (feat. Crystal Robertson)

Eddie James

I hear a voice
Like a trumpet in the Heavens
Saying, "Come"
There's a groan in my spirit
The sound of desperation's feeling
In my heart Deep cries unto deep
Calling me to dwell
In your secret place
I pant for your presence
My face is set like flint
To your face I wanna be closer
I wanna be closer
I wanna be closer
I wanna be with you, be with you
(x2) I hear a voice
Like a trumpet in the Heavens
Saying, "Come"
There's a groan in my spirit
The sound of desperation's feeling
In my heart Deep cries unto deep
Calling me to dwell
In your secret place
I pant for your presence
My face is set like flint
To your face I wanna be closer
I wanna be closer
I wanna be closer
I wanna be with you, be with you
(x2) I draw nigh to you, draw nigh to me
I draw nigh to you, draw nigh to me
I draw nigh to you, draw nigh to me
Because I want to be close to you, Lord So I'll draw nigh to you, draw nigh to me
I draw nigh to you, draw nigh to me
I draw nigh to you, draw nigh to me
Because I want to be close to you, Lord I wanna be closer
I wanna be closer
I wanna be closer
I wanna be with you, be with you
(x2) Hills melt like wax

And the earth trembles
 The mountains move
 And the Heavens shake in your presence Angels fly, demons run away
 At the sound of your name
 Creation shifts, declaring your fame
 Yeah Somehow, by your blood
 You chose me to ascend your hill
 The place of angel-perfected worship
 Good to your core and you call me still In crazy love, I humbly step
 In your presence, with sentiment
 Redeemed and justified by faith
 Your Son now seated in the Heavenly places I wanna be closer
 I wanna be closer
 I wanna be closer
 I wanna be with you, be with you
 (x2) I'm in awe that you would want an audience
 With such frailty and weakness
 It's beyond my comprehension
 Why you would even grant me holy access Yet that same presence that calls
 Tramples my enemies under my feet
 And the same breath that heals me
 Breaks demonic principalities I draw nigh to you, draw nigh to me
 I draw nigh to you, draw nigh to me
 I draw nigh to you, draw nigh to me
 Because I want to be close to you, Lord So I'll draw nigh to you, draw nigh to me
 I draw nigh to you, draw nigh to me
 I draw nigh to you, draw nigh to me
 Because I want to be close to you, Lord So I will draw nigh to you (draw nigh to me)
 He draws nigh to you (draw nigh to me)
 Drawing nigh to you (draw nigh to me)
 Oh (draw nigh to me) Draw nigh (x9) Praises, prayer, joy to the mourning
 You are my safe place
 Safest way to truth and revelation
 At the sight of your face Oil calls and makes to shine
 My heart's made glad with wine
 You are my Oil, you are my Rock
 You are my Oil, you are my Rock You are my Oil, you are my Rock
 (Draw nigh, draw nigh)
 You are my Oil, you are my Rock
 (Draw nigh, draw nigh) Draw nigh, draw nigh
 Draw nigh, draw nigh to me (x3) All I'm asking for you to know, that I
