

# Resin

## Howse

A sad song it was  
Through renewal it brought  
And a month seems sometimes shorter  
Than a half nights longingHidden and hard  
Are the reasons for war  
Polar twist, invert and fleaI can't dissolve  
This feeling of mine  
But patience will  
Unlock the doorsAnd the maps of reasons  
Rewritten for me  
When the wait is over  
And the punishment's dueEach day I crawl  
To the hall of the giantsAnd I beg for mercy  
And I beg for mercy  
In vainOne night is a mare  
Two is worse  
How can I manage three?Each day I crawl  
To the hall of the giantsEach day I crawl  
To the hall of the giants
