Crash Land

Twin Atlantic

Crash land
So I cant find you,
Just as things were looking up
We're Stuck

Don't Panic!
Because I'm Left without Food.
Just as things were heating up
I should have told you that your good enough.

'Cause I'm stuck here on this island
And I've lost her all over again
Nothing gets better than memories
When all you have are memories for friends.

I went searching when the lights went out
And I went searching when my flight went down

I'm alone and I cant go without you
Drive me back home I deserve to be rescued
I still have trouble with most days and nights
But still I have trouble with living my life outside

Crash land
So I cant find you ,
Just as things were looking up
We're Stuck

Don't Panic!
Cause there's nothing here to fear
Just loose imagination or luck

'Cause I'm stuck here on this island
And I've lost her all over again
Nothing gets better than memories
When all you have are memories for friends.

I went searching when the lights went out
And I went searching when my flight went down

I'm alone and I cant go without you
Drive me back home I deserve to be rescued
I still have trouble with most days and nights
But still I have trouble with living my life outside

I'm stuck here on this island
And I've lost her all over again
Nothing gets better than memories
When all you have are memories for friends.

I went searching when the lights went out
And I went searching when my flight went down

I'm alone and I cant go without you
Drive me back home I deserve to be rescued
I still have trouble with most days and nights
But still I have trouble with living my life outside
