

# Whine Up (en Español)

**Kat Deluna**

It's summertime  
Ladies looking hot  
Shaking up what they've got  
Elephant Man and Kat, c'mon

Sense is telling me you're looking  
I can feel it on my skin (Whoaa)  
Boy I wonder what would happen  
If I trip and let you in  
Don't get shook by my aggression  
I just might be the one  
Let's skip this conversation  
Just whine your body up

(Ha ha ha)  
Don't wanna wait no more  
(Ha ha ha)  
You got what I'm searching for

I'm feeling your vibing  
I'm riding high its exotic  
And I want you, I want you here  
Pull me closer and closer and  
Hold me tight to your body  
I wanna feel you, I wanna feel you near

[Chorus]  
Whine up, whine up, whine up, oyea!  
Whine up, whine up, whine up, oyea!  
Whine up, whine up, whine up, oyea!  
Whine up, whine up, whine up, oyea!

[Ivy Queen]  
A ese nene lo tengo trikiao (oye)  
Cuando lo bailo lo bailo de lao  
Y lo empujo lo tengo tumbao  
Con mis caderas lo tengo amansao wind!

Boy keep doing what you're doing, get me hot  
Winding up your body you don't have to stop

My temperature is rising, want you more than before  
It's an animal attraction, whine your body up

(Ha ha ha)

It's the magic on the floor

(Ha ha ha)

I don't wanna wait no more

Cuz I'm feeling your vibing

I'm riding high its exotic

And I want you (and i want you too), I want you (and I want you too) here

Pull me closer and closer (closer and closer) and

Hold me tight to your body

I wanna feel you (I wanna feel you too), I wanna feel you near

Whine up, whine up, whine up, oyea!

Whine up, whine up, whine up, oyea!

Whine up, whine up, whine up, oyea!

Whine up, whine up, whine up, oyea!

My Dear

Whine up your body bring it to me right here

She's got the finest body I swear

Shake off your booty

Shift it in high gear

She says let run your fingers through my hair

All the black mans got to feel quite clear

The way she how she whines it gives me nightmares

Now pump up the volume right here

(woah woah woah woah woah)

It's risin'

(woah woah woah woah woah)

Give me the whine now

C'mon!

Whine up, whine up, whine up, oyea!

Whine up, whine up, whine up, oyea!

Whine up, whine up, whine up, oyea!

Whine up, whine up, whine up, oyea!

Lo cuero, toca los cueros

Loca e que ta!!
