Deuce

The Cardigans

I am afraid of you now
Now that you left me
Nothing to say, not much now
Now that you left me

Now that you left me
Now that you left me

Just for how long did you know
Before you left me?
Nothing to do, it's up to you
To use it against me

Use it against me
Now that you left me

You are ahead of me now
Because you left me
Words that I said, all yours now
Use it against me

You have erased me
Now that you left me

I'll be gone, I'll be gone
I'll be gone, I'll be gone
I'll be gone, I'll be gone
I'll be gone, I'll be gone
