Deuce

The Cardigans

I am afraid of you now Now that you left me Nothing to say, not much now Now that you left me

> Now that you left me Now that you left me

Just for how long did you know Before you left me? Nothing to do, it's up to you To use it against me

> Use it against me Now that you left me

You are ahead of me now
Because you left me
Words that I said, all yours now
Use it against me

You have erased me Now that you left me

I'll be gone, I'll be gone I'll be gone, I'll be gone I'll be gone, I'll be gone I'll be gone, I'll be gone
