

My Man (Mon Homme)

Diana Ross

It's caused me a lot
But there's one thing that I got
It's my man
Cold and wet, tied you bet
All of that I'll soon forget
With my man He's not much for looks
And no hero out of books
But I love him
Two or three girls has he
That he likes as well as me
But I love him I don't know why I should
He isn't true
He beats me to
What can I do? Oh, my man, I love him so
He'll never know
All my life is just despair
But I don't care
When he takes me in his arms
The world is right, all right What's the difference if I say
I'll go away
When I know
I'll come back on my knees some day
Whatever my man is
I am his for evermore What's the difference if I say
I'll go away
When I know
I'll come back on my knees some day
For whatever that man is
I am his for evermore
