# Phenomena

## David August

HeyDon't touch kid, sleep with the light, it's on
Touch kid, how you surprise me now
Roll kid, knock your body offYou're something like a phenomena
Something like an astronoma
Roll kid, rock your body offSomething like a phenomena, baby
Something like a phenomena
Something like a phenomena, baby
You're gonna get your body offDon't fall asleep with the motor on
She'll make you sweat in the water
Don't fall asleep with the motor on
She'll make you sweat in the waterHot time kid, hot time kid
It's cold under the blanket
They loved it then shot it
The fastest ran and got itThat story that ease my
They hide it up the sleeves, my
They hide it, they hide it
They're never gonna find itDon't fall asleep with the motor on
She'll make you sweat in the water
Don't fall asleep with the motor on
She'll make you sweat in the waterSomething like a phenomena, baby
Something like a phenomena
Something like a phenomena, baby
You're gonna get your body offSomething like a phenomena, baby
Something like a phenomena
Something like a phenomena, baby
You're gonna get your body offHot time kid, hot time kid
It's cold under the blanket
Hot time kid, hot time kid
It's cold under the blanket
