

Scalped

Grinspoon

Urge those working, with such machinery
To keep their hair tied back
Contained in hair nets or cut short
Fit and happy he was healthy at 71kgs
Indoor cricket
Scaring marvel, effect of some drugs
Vivid, deadly
Photo, paper
Training for living
Still giving plastic bag account
So can you work it out?
Urge those working, with such machinery
To keep their hair tied back
Contained in hair nets or cut short
