

Reincarnation

Crematory

He is coming back
Another body another face but same soul
His former life is filling up with hate and pain
Many people dying through his hands Uponing to tortured
Uponing to tortured
And agonized with blood
The calling was to the dead ones always ahead After the death given a new life
The punishment you taken for mistakes
His old corpse is rotting away
And smelling decomposed Reincarnation, a new life
Reincarnation, the same way His old corpse is rotting and decomposed
The punishment for mistakes is painful
Imprisoned in a deformity body
The deliverance out of this life
Is the death imprisoned deliverance
The punishment His old corpse is rotting and decomposed
The punishment for mistakes is painful
Imprisoned in a deformity body
The deliverance out of this life
Is the death imprisoned deliverance
The punishment After the death given new life
The punishment you taken for mistakes
His old corpse is rotting away
And smelling decomposed Reincarnation, a new life
Reincarnation, the same way Closing your eyes for off you prophesy
And ignored your mistakes
Agonized and murdered
Let your propelling the push Look forward of your new birth
