Ketchup Is Mustard

Silage

Without the mustard
You got no flavor
Is that the kind of sandwich
You would give to your neighbor?How is the bread?
Is there any taste to savor?
Put it in your mouth
And do you find much flavor?Who's got the mustard?
Who's got the Bread?
Who's got the faith
With the love to spread?If there's no faith
There is no life
Don't even try it
If there's nothing inside
