

Take Control (Remix)

DJ Bobo

You take, you shake break, I'm no fake
You cool the way, you move, no more mistakes
You can't stand still, you've got to move
Feel the bass line, feel the groove
The beat, the bass, and the lyrics are fine
Get on the floor, you got no time
Party people I give you a chance
Wave up your hands and feel in tranceEverybody take a chance
Waving up your hands
Can you feel this trance?
Everybody take a chance
Waving up your hands
Can you feel this trance?
Take control
Of your mind
Your body and your soul
Take control
Of your mind
Your body and your soulCan you see now what I'm saying
The beat is loud and I am playing
Playing with your life, playing with your soul
Here on stage and under my control
So let the rhythm take you on the floor
With a bass and the drum that you've never heard before
Open your mind cause I'm talking about dancing
Open your mind, this is not romancingYou take, you shake break, I'm no fake
You cool the way, you move, no more mistakes
You can't stand still, you've got to move
Feel the bass line, feel the groove
The beat, the bass, and the lyrics are fine
Get on the floor, you got no time
Party people I give you a chance
Wave up your hands and feel in trance
