

Lady Do or Die

Billy Idol

What it takes, it takes a dog to cry
What it takes, a boy must die
What it takes, sometime before midnight
What it takes, it takes a life 'Cause I was o' so young
Misshaped before my time
Ride metallic monsters
And there's mud in your eye
For lady do or die It makes a woman bleed
Can't give her all her needs
Close the door before you leave
Can almost hear her breath It's a shame what you've become
The things I do for love
On this road tonight looking for her candlelight
For lady do or die
For lady do or die Tumbleweed, passing by
Train whistle start to cry
More people start to die
I don't know why, God knows why I wonder what it takes
To free someone
I wonder what it takes
Free you from your prison Kings of the road keep travelin' on
Every mile a ragged woe
Kings on the road keep smilin' on
Play the guitar and sing the blues and cry
Play the guitar and sing the blues and cry
Play the guitar and sing the blues and cry For lady do or die
For lady do or die
For lady do or die
For lady do or die For lady do or die
Play the blues and cry
For lady do or die
Play the guitar
For lady do or die
Sing, sing the blues and cry
For lady do or die
