Lalala

Marty Casey

Mmm
I wanna write a song about a girl that I
love, but it's not easy for a guy like me

The melody comes quick,
but the words don't fall to the places where they need to be
I've got a paper and a pen,
but there's nothing in the end that
comes close to what you mean to me, so I say:
La la la la la, la la la, la la la

If I bought you a card,
it would say a lot of things, but it could never say everything
When you're looking in my eyes,
it should come as no surprise that
we belong together, together for life
I've got a piano in the room and it's falling out of
tune, but not as easily as I've been falling for you
So, la la la la la, la la la, la la la

That means I love you when it might sound
crazy, that means I love you in my own way baby
La la la la la, la la la, la la la.

If I searched the whole world, I'd never find a girl like you
If you searched the whole world,
you'd never find a guy who wants you like I do
I'm using my guitar like an arrow to
your heart and i hope that you are listening
With every note I hit, comes a promise and a wish:
you have my word, I'll make up every note that I miss

That means I love you and it might sound crazy
That means I love you in my own way, baby
La la la la la, la la la, la la la
I say, la la la la la, la la la, la la la

Oh...
I say, that means... love
