Trafalgar

Bee Gees

I rolled into the smoke And there I lost my hope I need someone to know me And to show meThe square peg fits the hole Why haven't I been told? I need someone to know me And to show meTrafalgar, Trafalgar, Trafalgar Please don't let me downTen hundred people roam Through the place I call my home I need someone to know me And to show meSitting cross-legged on my own And yet I'm not alone Don't need no one to show me No one owns meTrafalgar, Trafalgar, Trafalgar Trafalgar, Trafalgar, Trafalgar Please don't let me down Trafalgar, Trafalgar, Trafalgar
