I Only Want A Place I Can Stay

Superdrag

I'm sick and tired of everything
It once was loud now it's deafening
And I didn't wanna go that way
I only want a place I can stayIt took too long to dig this out
My head thrown back, my skull blown out
And I didn't wanna go that way
I only want a place I can staySo I'll go and waste my time with you
Though I know we'll break up even if I do
But I don't care 'cause I believe in
The act of loving a thing and knowing it's leavingAnd if you're human at all
Your heart is deceiving even now
It's a deadly art to take yourself apart
Yeah, yeahI'm sick and tired of trying to score
Or claim some prize I can't be sure
But I only wanna go back by
I think I'll cut myself in two, immolate myself with you
But I didn't wanna go that way
I only want a place I can staySo I'll go and waste my time with you
Though I know we'll break up even if I do
But I don't care 'cause I believe in
The act of loving a thing and knowing it's leavingAnd if you're human at all
Your heart is deceiving even now
It's a deadly art to take yourself apart
Yeah, yeah
