Give Me Some Wheels

Suzy Bogguss

Give me some wheels
Put me on the highway, won't look back
Anyway I'll never be the angel you see in your dreams
Oh, give me some wheels if I can't have wingsYou live in a world that suits you well
But it feels like a cage to me
And the pedestal you tried to put me on
Just slipped out from under my feetOh, give me some wheels
Put me on the highway, won't look back
Anyway I'll never be the angel you see in your dreams
Oh, give me some wheels if I can't have wings
Give me some wheelsWell, you never knew me anyway
I just couldn't make you see
While you were lookin' for the words to make me stay
I was lookin' for my keysOh, give me some wheels
Put me on the highway, won't look back
Anyway I'll never be the angel you see in your dreams
Oh, give me some wheels if I can't have wings
Give me some wheelsI couldn't love you any better than that
You never seemed satisfied
What I'm tryin' to say is I need a man
Who don't mind lettin' me driveOh, give me some wheels
Put me on the highway, won't look back
Anyway I'll never be your angel whatever that means
Oh, give me some wheels if I can't have wingsGive me some wheels
(Give me some wheels)
Oh, give me some wheels
Oh, give me some wheels
