

# Bee

## Bari Koral

I was resting under the apple tree  
Book on my leg, the grass so green  
Sky was blue and so pretty  
But then I heard a noise. What can that be?

Bee, bee, bee, don't bother me!  
With your buzz, buzz, buzzing, buzzing, buzzing  
Can you find another tree? Maybe with your cousin?

Bee, bee, bee, you're real pretty!  
But your buzz, buzz, buzzing, buzzing, buzzing  
Got me on my feet, it's got me running

I was sleeping under the apple tree  
Guitar on my leg, the grass so green  
Sky was blue and so pretty  
But then I heard a noise. What can that be?

Bee, bee, bee, don't bother me!  
With your buzz, buzz, buzzing, buzzing, buzzing.  
Can you find another tree? Maybe with your cousin?

Bee, bee, bee, you're real pretty!  
But your buzz, buzz, buzzing, buzzing, buzzing  
Got me on my feet, it's got me running

I had a picnic under the apple tree  
Drank lemonade, ate strawberries.  
Sky was blue and so pretty  
but then I heard a noise. What can that be?  
\*buzz noise\* Oh no!

Bee, bee, bee, don't bother me!  
With your buzz, buzz, buzzing, buzzing, buzzing.  
Can you find another tree? Maybe with your cousin?

Bee, bee, bee, you're real pretty!  
But your buzz, buzz, buzzing, buzzing, buzzing  
Got me on my feet, it's got me running

Hey! Hey! Hey!  
Running! Hey, hey, hey!

Bee, bee, bee,  
Donâ€™t bother me again (repeat)
