

One in a Million

Aaliyah

Love it baby, love it baby, love it baby
Love it baby, love it baby, love it baby
Love it baby, love it baby, love it baby Baby, you don't know (know) what you do to me (me)
Between me and you (you) I feel a chemistry
I won't let no one (one)
Come and take your place (place)
'Cause the love you give, it can't be replaced So, no one else can do me like you do
That's why I want to spend my life with you (with you)
I want to please you in any way I can
I want to show you my world, don't you understand? Your love is one in a million
It goes on and on and on
You give me a really good feeling, all day long Your love is one in a million
It goes on and on and on
You give me a really good feeling, all day long Turn me inside out, you make my heart speak
Need no one else, you're all I need
Personality (ty) Everything you do (do)
Makes me love everything about you
Your smile, your style is so fly
I can't deny I got a crush on you
And that is true indeed and I'm diggin' you
You make me believe that Your love is one in a million
It goes on and on and on
You give me a really good feeling, all day long I'll give you, oh
Anything you want from me
You give me a really good feeling, all day long (I'll give you) I'll give you, oh
Anything you want from me
Anything you want, anything you need
Anything your soul desires (ooh) (I'll give you, ho, oh)
Anything you want from me Anything you want, anything you need
Anything you still desire
Anything oh Your love is one in a million
It goes on and on and on
You give me a really good feeling
You give me baby (all day long) Your love is one in a million
It goes on and on and on
You give me a really good feeling, all day long Your love is one in a million
It goes on and on and on
You give me a really good feeling, all day long Your love is one in a million
It goes on and on and on

You give me a really good feeling (oh) all day longBaby
