

Uncomfortable (What You Want Is Now)

House of Heroes

Dew on the grass
Cold hands, blue dress
Remember that
Remember that. Do you miss the moon? I do.
All the stars above? I do. I do.
Don't breathe the air; it's contagious.
Once again, do you mind it now? Do you care it's here?
Don't say "I do"
What you want won't seem right
What you need is tonight Is to be yourself
Can you, can you be yourself?
Do you miss the moon? I do.
All the stars above? I do. I do. Don't breathe the air; it's contagious.
Once again, do you mind it now?
Don't say "I do"
Don't say "I do" (Uncomfortable)
Don't say "I do"
I can't forget you. What you want is now.
