It's You

Duck Sauce

Its, its, its
Its, its, its
Its you, hey you
Its you, hey you
Its you, hey you
Its you, hey you
Its you, hey you
Its you, hey you
Its you, hey youIts you I wanna kiss tonight
Its you I wanna hold real tight
Feeling deep inside my soul
Without you losing all control
Oho, oho, oh
Its you, hey you BabyOh you make my heart jump up and down
You got me spinning all around
Trill me through and through
You got me breaking all the rules
All the rules
All the rules
All the rules
All the rules
Its you baby, yeah youIts you I want here by my side,
Its you I need to satisfy
When we kiss and when its true
Youre loving me, Im loving you
Oho, oho, oh
Its you baby, you
Baby you
Baby you
Baby you
Baby you
