

# Big in Vegas (Live in Las Vegas)

Buck Owens

When I was young, I left my home  
And went away, to Vegas  
With my guitar and my dreams  
I had to try to play and sing, in Vegas But my momma told me I was wrong  
And she begged me to stay at home  
But my will was strong and  
I had to make it big, in Vegas They'll put my name up in lights where I play  
And the lines out in front will be long  
I'll get a standing ovation from the people  
When I start to sing my song, when I turn 'em on in Vegas Well I've played every honky tonk  
And smokey bar, in Vegas  
And I guess I don't have  
What it takes, for Las Vegas But my dreams still linger on  
Oh, my faith is almost gone  
But my will is strong and  
I've gotta make it big, in Vegas They'll put my name up in lights where I play  
And the lines out in front will be long  
I'll get a standing ovation from the people  
When I start to sing my song, when I turn 'em on in Vegas La la la la la la la  
La la la la la la, big in Vegas La la la la la la la  
La la la la la la, big in Vegas La la la la la la la  
La la la la la, big in Vegas
