

# L.Z.T. (A Hero Like Me)

Jeff Williams

The aliens came and they said to me  
Youâ€™re gonna kick ass in this galaxy  
They gave me the tools that I need to win  
So listen to my song and let the tale begin

A major battle will be heading your way  
Itâ€™s on you to save your planetâ€™s what the aliens say  
They gave me the suit and they returned to the sky  
And said you really gotta win or everyoneâ€™s gonna die

I got one job to do  
Save the world, save the world  
And Iâ€™ll be so cool  
And I will get the girl and bask in fame  
And everyone will know the name

Lazer Team  
Iâ€™m gonna drop your punk ass with a laser beam  
Planet's dream  
Oh a hero like me but Iâ€™m here to save you now

Safety helmets are for kids on bikes  
Being brainyâ€™s cool but Iâ€™m the one who brings in the likes  
Your shield can block and your boots can run  
But Iâ€™m the one whoâ€™s gonna blow it up cause I got the gun

I got one job to do  
Save the world, save the world  
And Iâ€™ll be so cool  
And I know that thereâ€™s no â€˜iâ€™ in â€˜teamâ€™  
But the â€˜zâ€™ in â€˜lazerâ€™ must be me

Lazer Team  
Iâ€™m gonna drop your punk ass with a laser beam  
Planetâ€™s dream  
Oh a hero like me but Iâ€™m here to save you now

Tonight  
Before the morning light shines  
Tonight, oh, tonight

Iâ€™ll be the worg that saves your life

And itâ€™s not that I donâ€™t wanna bang you

I absolutely do

But I also like you

Iâ€™m gonna try to

Be a stud thatâ€™s true

Lazer Team

Iâ€™m gonna drop your punk ass with a laser beam

Planetâ€™s dream

Oh a hero like me but Iâ€™m here to save you now
