Get 'Em

Die Kreuzen

I'm not causing any trouble
I just got caught in the middle
I don't understand why you treat me this way
I'm just lookin' for fun
I've had little
Better leave me alone or I'll get 'em someday
I'll find 'em
I'm gonna shut the door and lock you out
I don't want your ugly mess in my face
They're on a dive
They'll take you with
You'll go the hard way
I'll find 'em
