

# Turn Up

Judith Hill

Before we go any further  
Let me make this clear  
We came to have a good time  
Thatâ€™s the reason weâ€™re here

Do ya know that ya groove to her?  
So baby freak what ya heard  
Nobody in this raggedy shack better not try to hold me back  
Cuz when I give it the word

Ya got to Turn Up  
Turn Up  
Turn Up  
Turn Up

(indistinguishable chatter)

Straight out of North Holly â€˜Fornia  
20 feet from every star  
Been funky since I was born ya  
Funkier than whoever you are

Kicking down your door with the soul baby  
Go on and make me your wide (Thatâ€™s right!)  
Donâ€™t want to date her  
But you can call me later  
And thank me for this beautiful life

Now come on, Turn Up  
Turn Up  
Oh, ya got to Turn Up  
Yeah Yeah Yeah Yeah Yeah

Youâ€™re straight from the set  
To the after party  
And from the after party  
To the..

Back seat of my lo lo  
Pumping up and down to the jam

Roll it back, wind it down  
So the street can hear the sound  
Of love to every one of my fans

[exuberant fan speaking]  
Oh my god, Judith  
You were so good  
You were so good tonight  
Ah, Iâ€™ve watched you since The Voice  
Youâ€™re the best singer theyâ€™ve ever had  
You should be a judge  
Last season [crying]  
You should be my friend

You make me Turn Up  
Turn Up  
Turn Up  
Turn Up

Everybody turn up
