Yesterdaze Gone

Tesla

Oh.
Yesterdaze gone.
Why did she go, where'd I go wrong?
Is it somethin' that I said
That made you walk away?
Yesterday is gone
Why did she go and leave me lost in yesterday?
It's gonna be alright.
It's gonna be O.K.
All I need is somebody to squeeze
To forget about yesterday. And I
Try (try, try) to forget her.
And I'm told
The sooner the better
Yesterdaze gone
Why did she go, where'd I go wrong?
Is it somethin' that I said
That made you walk away?
Yesterday is gone
Why did she go and leave me lost in yesterday?
Day after day,
Night after night,
I'll keep on lookin' till I find a way
To get her off my mind. And you know I
Try (try, try) to forget her.
And I'm told

The sooner the better
Yesterdaze gone
Why did she go, where'd I go wrong?
Is it somethin' that I said
That made you walk away?
Yesterday is gone
Why did she go and leave me lost in yesterday?
It's gonna be alright.
It's gonna be O.K.
All I need is somebody to squeeze
To forget about yesterday. And I
Try (try, try) to forget her.

And I'm told
The sooner the better
Yesterdaze gone
Why did she go, where'd I go wrong?
Is it somethin' that I said
That made you walk away?
Yesterday is gone
Why did she go and leave me lost in yesterday?
Why did she go and leave me lost,
Why did she go and leave me lost, lost in yesterday?
Somehow, someway, you know I'll make it through another day.
