

Pleasant Shadow Song

[Cass McCombs](#)

I heard of a place
That Time cant erase
Of beauty and graceBeulah!You scoff at my card
Guess Im no Abelard
I dont know just how far
is BeulahWould only to song
werent indulgent and wrong
and shadow a long twilight
Always to play
and sleep through the day
for music and nightEnough with these books
Carrion and hooks
Ill will and looks
But to BeulahTo pull the forefront
Health for starvation
Ive grown impatient
For Beulah
