

The One

Mosaic MSC

[Verse 1]

Coming out from the darkness

Turning back to You

To a love that's stronger

He calls me from within[Verse 2]

Now I rest in Your goodness

And I will trust Your hand

I will cling to Your promise

To make me new again[Chorus]

Don't stop

Let Your love, let Your heart

Change me

In all my love, all my heart

Don't stop, You are the One I want[Verse 3]

I can see how You're moving

You heal my heart of stone

And I can see how You walk with me

And I never go alone[Chorus]

Don't stop

Let Your love, let Your heart

Change me

In all my love, all my heart

Don't stop, You are the One I want[Bridge]

Father, move us

Spirit, lead us to a new place, to a new day

(6x)[Chorus]

Don't stop

Let Your love, let Your heart

Change me

In all my love, all my heart

Don't stop, You are the One I want[Bridge]

Father, move us

Spirit, lead us to a new place, to a new day

(6x)
