

Scared

[Zendaya](#)

Advisory - the following lyrics contain explicit language:

Baby I can't live without you
I'm slowly dying You live just me
These rolls watching me bleed
I'm screaming, I'm hurting,
I'm begging you for mercy Forgive me for the things I did, the things I said, if you understand
Forgive me and I'll forgive you For playing my heart like a shallow
Strumming me no longer, beating like a drummer
Oh, I just wanna love that, I just wanna love that
I just wanna love that, I just wanna love that
I just wanna love that, I just wanna love that
Scared of what it feels like to be alone Scared of what it feels like to miss you
Scared of what it feels like not to kiss you
Scared of what it feels like to be alone, yeah
You're scared
You're scared
You're scared Know you, know me, it's just the shadows I see
No savior, hell Marie, who's gonna rescue me? Forgive me for the things I did, the things I said, if you
understand
Forgive me and I'll forgive you For playing my heart like a shallow
Strumming me no longer, beating like a drummer
Oh, I just wanna love that, I just wanna love that
I just wanna love that, I just wanna love that
I just wanna love that, I just wanna love that
Scared of what it feels like to be alone Scared of what it feels like to miss you
Scared of what it feels like not to kiss you
Scared of what it feels like to be alone, yeah
You're scared
You're scared
You're scared Baby I can't live without you
I'm slowly dying
Baby without you I'm scared Scared of what it feels like to miss you
Scared of what it feels like not to kiss you

Scared of what it feels like to be alone, yeah

You're scared

You're scared

You're scared
